

"The front desk was very welcoming and helpful, even making arrangements for an additional nights stay via text messaging."

"I've never been to a resort where I've been accommodated to my disability. I can't answer the phone so they have a [service] I can text to if I want to book something or go to the gym, spa, pool or restaurant."

"Service is impeccable where all of our needs were met, promptly. I especially liked how I could communicate with the resort via text message."

"You can be anywhere, send them a text asking for a dinner recommendation or car pick up, and they respond immediately."

"Upon checkin we were sent a text message to establish communication should we need anything. Within the first few hours, we had locked ourselves out. One quick text and within minutes someone came to let us in. So efficient!"

"I loved the text message system. If I needed anything or had questions, I simply sent a text and within seconds my concerns were address and most importantly RESOLVED. "

"Check in was super easy. Got 2 or 3 texts during our stay (3 nights) checking in on us (seriously, who does that!?) AWESOME!"

"The concierge were great and very helpful! They texted me throughout my visit to make sure everything was ok and if I had questions. I would just text them and they would respond promptly-amazing."

"When you check in, you will receive a text shortly from the staff asking if you need anything. You can text for basically anything you want during your stay-bucket for ice, golf cart ride to the pool, restaurant recs around town, etc. We asked the concierge for dinner recommendations our first night, and she steered us to the perfect place."

"I received several text messages inquiring about our stay and to please let them know if we needed anything. The customer service was outstanding."
